CEASEFIRE AS 'JUH' SUPPORTS MASJID BOMBING

After a long week of intense fire exchange between India and Pakistan with Pakistan still demanding from India evidence of the initial Pahalgam attack, killing 26 Indians on the 22nd of April 2025. However documents leaked have exposed India's grand plan, staging the attack to initiate this Israel modeled war strategy. This lead to the bombing of Bilal Masjid in Muzzaffarabaad resulting in three fatalities, while two children sustained injuries.

However more shocking than the Hinduvta's hatred was the "Muslims" unwavering support.
